1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 9-13 and 16-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. (New Rejection)

In lines 10-11 of claim 9 along with lines 11-12 of claim 16, applicant is claiming "an inclined surface of said edge disk cutter that contacts with said ridge at least at a part of contact with said notch". This language is unclear and requires revision. More specifically, it is not understood what the language "at least at a part of contact with said notch" means? Where or what makes up the part of contact with the notch?

Clarification is required.

In addition, the ridge cannot make contact with the notch because the notch is not a tangible object but is formed by the material surrounding the notch. Thus this language is incorrect and requires amendment.

Claims 10-13, dependent on claim 9, fall therewith and claims 17-20, dependent on claim 16, fall therewith.

3. Applicant's amendment necessitated the new grounds of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
